

Sigma Phi Rho Fraternity Inc. | 653-A Malcolm X Blvd | New York, NY 10037

September 29, 2017

Brothers of the RHO,

This year Hurricane Harvey, Hurricane Maria, Hurricane Jose and the Earthquake in Mexico has devastated homes, families, damaged entire power grids and has forced Millions of people to evacuate and find shelter elsewhere.

Our collective thoughts and prayers are with those affected by this storms and earthquake. As international relief efforts, state and federal relief agencies respond to this situation our brotherhood is also poised to provide help and necessary assistance to those affected by this catastrophic series of disasters. Sigma Phi Rho Fraternity Incorporated is dedicated to the value of SERVICE. This fraternity is committed to sharing its time and talent with the communities we serve. We are calling on the greater brotherhood to support relief efforts by donating to local organizations that are receiving lifesaving water and food to ship to these affected areas.

Rhomen must always answer the call to service and honor our commitment to serving all in need. It is in times like these that we must aid our fellow man made vulnerable as a result of immeasurable damages.

PHI RHO,

National Governing Council
